De Novias
BRIDAL MANUFACTURER

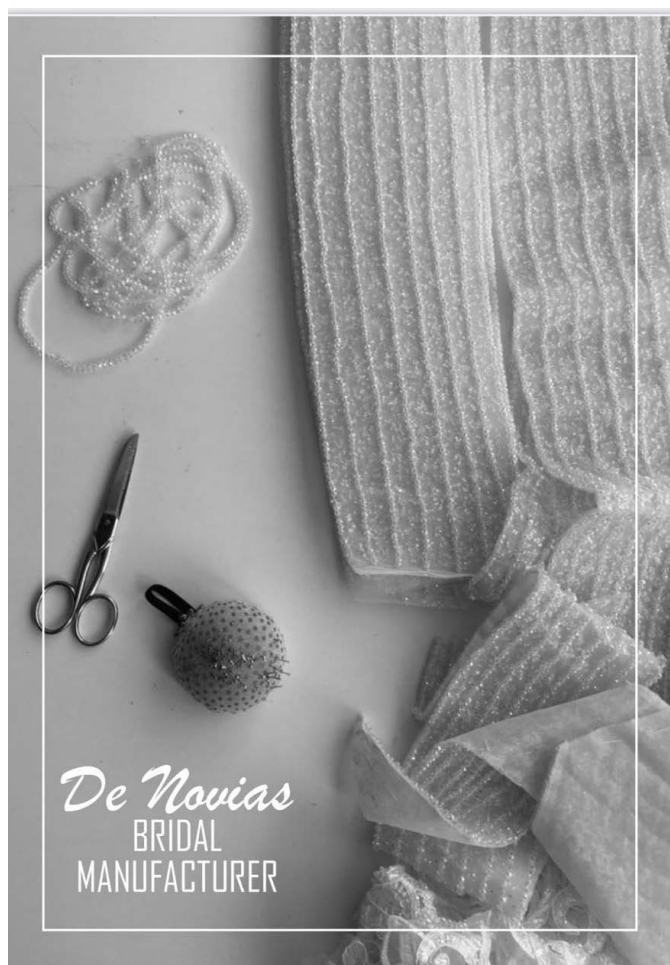

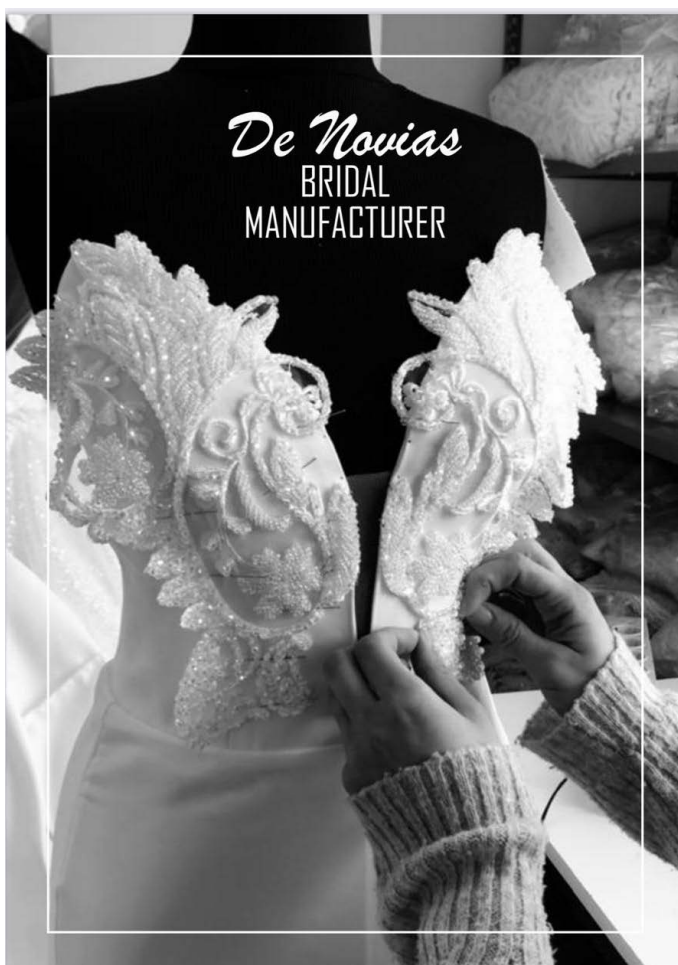

Who are we ?

Our activity is focused on the customized, tailored manufacturing, trying to satisfy our buyers' and their customers' requests. That's why we create unique dresses and exclusive models, with the DeNovias registered trademark, which will enrich Your product range and to dress up Your brides which, with a limited budget, are willing to be absolutely outstanding and singular or, why not, similar to the models on Instagram or on catalogues wearing the most famous maisons' gowns. For years our atelier and the brand "DeNovias" have been boasting a world wide customer base, always satisfied of our job and of our super competitive prices and high quality products, safely and quickly delivered.

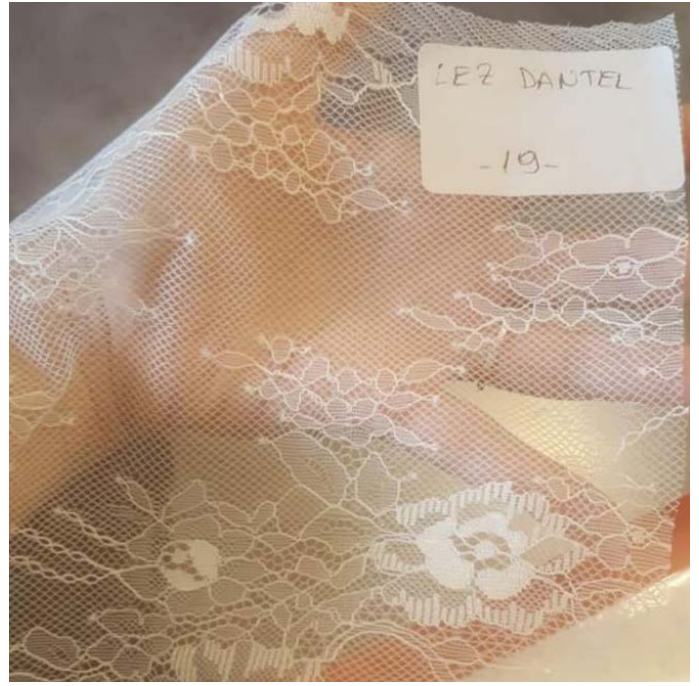

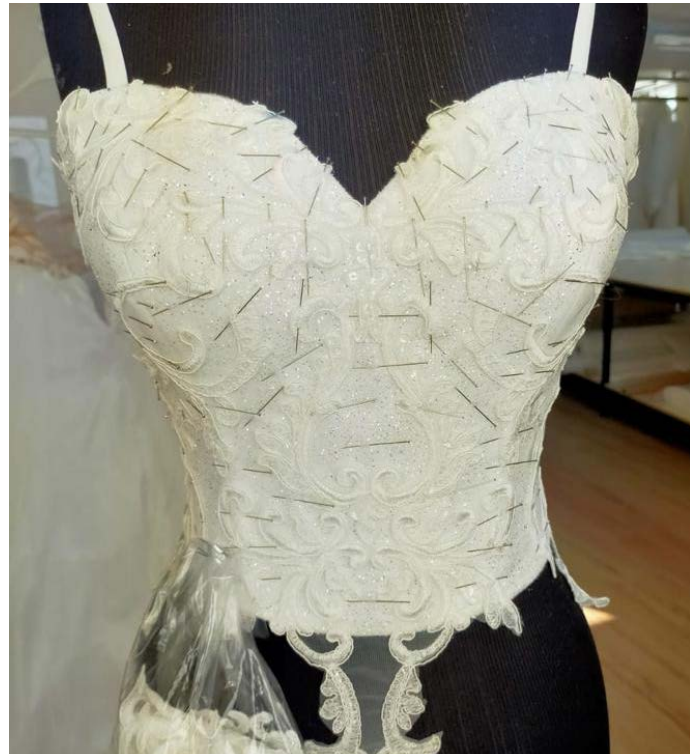

In our daily job,
we reproduce models, even tailored, from pictures, videos, images,
drawings or sketches that our clients submit to us.

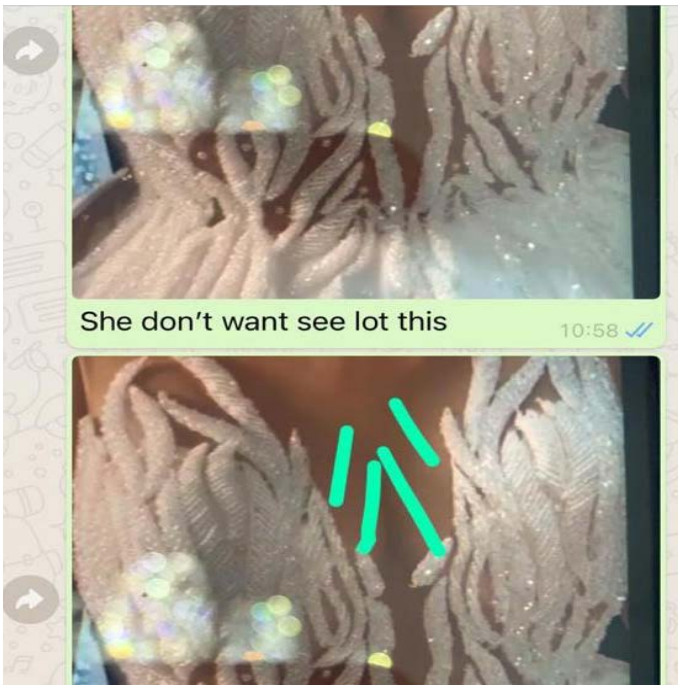

Besides this, Denovias's bridal collection catalogues that clients able to
order for their shops and share with their customers are constantly
renewed.

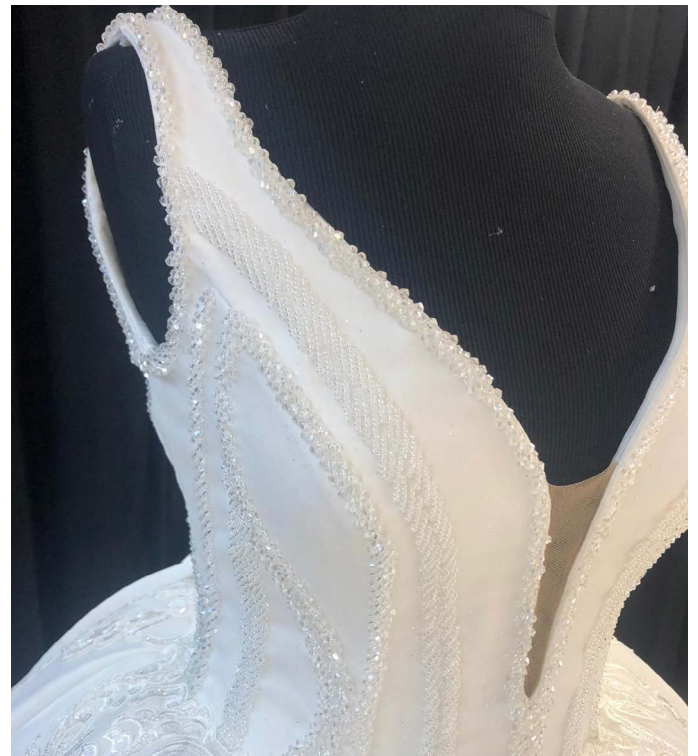

Depends on our customers desires, we try to find same or the nearest fabrics and laces.

As Denovias, we know the difficulties of working with partner in different country. Thats why in every stage, we work with our partner by getting approval. With this method, possible inaccuracies are prevented before production is completed.

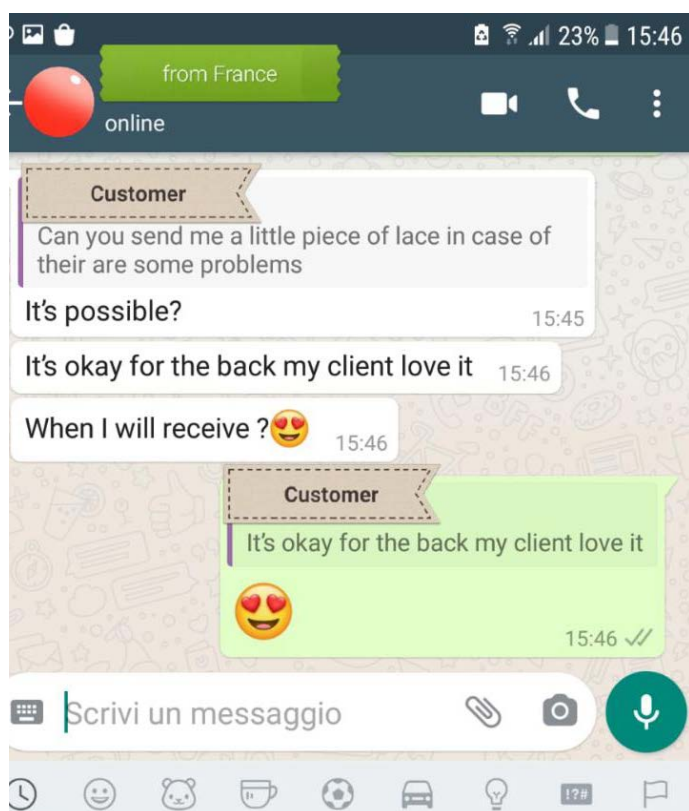

Before shipping, to produce exactly the dress you want we taking approval. As we said before, Denovias will be with you in every stage!

The final product's 360 degree video and detailed all sides photos are sending to our clients before boxing. After the final approval of the completed product dresses become ready to shipping.

We make shipping via DHL and send the tracking number immediately to our customer. Also the other advantage is, we export with ATR certificate, that's why our customers have tax exemption.

It is very important to us that our customers are satisfied with our service. Our sales department always available for questions and requests.

From beginning to end we are working hard to see happy brides and clients
all over the world...
