

## About Lider Plastik San. Ve Tic. A.S.

- Lider Plastik was established in 1994 in Denizli, Turkey.
- Our company operates in the Plastic Packaging sector and produces **Low Density Polyethylene products**.
- Lider Plastik manufactures LDPE Shrink Film, Agricultural and Industrial Packaging Materials, Heavy Duty Bags, Industrial Pallet Packages, Concentrate Bags and PE Top Sheets.
- We produce our products effectively and efficiently without compromising quality, environment and human health.
- Our company was included in the **BRC/IOP Packaging Quality System** in 2013 in order to meet customer demands and ensure the continuity of our quality understanding. As a result of comprehensive inspections carried out every year, it is awarded with AA grade result.

## LDPE Shrink Film

It is used in shrink machines in the product lines. The shrink film which is determined according to the size and weight of the material to be packed, is wrapped around the material and subjected to heat treatment. The shrink film, which absorbs the heat during this process, gives a transverse and longitudinal shrinkage response and the material is fully wrapped.

- **Our LDPE shrink film works perfectly with our clients' machines of different brands and capacities. (Please check our references on page 7)**

**Packaging type:** Shrink Film Roll (shipment is made in pallets and packed with pallet nylon)

**Material:** LDPE

**Color:** Transparent glossy

**Smell:** Odorless

**Pattern:** Plain

**Country of Origin:** Turkey

**Specification:**

Thickness	40-150 mic
Width	20-190 cm
MD	75% ± 5%
TD	25% ± 5%

**\*\*Thickness and width is subject to customer demand. These are the values that we work for domestic sales.**

## Industrial Pallet Packaging

**Pallet shrink bag** is a packaging material that is produced from PE raw material and ensures that the products stacked on the pallet are protected from external factors, are not damaged during transportation and regularly stocked.

- When heat is applied, plastic shrinks around the pallet to provide a very strong protective cover.
- Protects against dust and water.
- High quality LDPE material
- It can be used inside the cardboard boxes as it is gusseted. It protects the product inside the cardboard box from environmental factors.

**Packaging type:** Stacked on pallets (shipment is made in pallets and packed with pallet nylon)

**Material:** LDPE

**Color:** Transparent glossy / In the color requested by customer

**Smell:** Odorless

**Pattern:** Plain

**Country of Origin:** Turkey

**Thickness:** 40-150 mic

**\*\* Thickness and width is determined according to the size and weight of the material to be packed and subject to customer demand.**

## Concentrate Bags

Fruit and vegetable concentrates are filled in aseptic bags and they are placed in special barrels. In order to prevent aseptic bags coming into contact with the barrel, **PE concentrate bags** are used inside the barrels.

- High quality LDPE material
- Leak proof and tear resistant.

**Packaging type:** Stacked on pallets (shipment is made in pallets and packed with pallet nylon)

**Material:** LDPE

**Color:** Transparent glossy

**Smell:** Odorless

**Pattern:** Plain

**Country of Origin:** Turkey

## LDPE Top Sheet (Pallet cover)

- The top sheets are used for covering the upper part of the goods on the pallet before wrapping with stretch films.
- It protects goods against damage during transportation, moisture and dust. And through the use of a top sheet, your articles in storage will also be kept dust-free.
- It is produced from polyethylene raw material as **single layer** and can be produced in the required size and micron thickness according to the size of the item that will be covered.
- It can also be used between the items loaded on pallets in order to prevent items damaging each other.

**Packaging type:** Film Roll / Stacked on pallets (shipment is made in pallets and packed with pallet nylon)

**Material:** LDPE

**Color:** Transparent glossy

**Smell:** Odorless

**Pattern:** Plain

**Country of Origin:** Turkey

**Mode of Transport:** Sea Shipment/ Land Transport

**Quantity:** FCL / FTL

**Incoterms:** EXW Denizli plant / FOB-CIF-CFR İzmir (according to buyer's demand)
