

Antalya Reçelcisi®

As a company which was established in 1989 in the pearl of the Mediterranean area, all our processes starting from the supplying of raw materials even from the crops growing processes to the packaging of the ultimate product are strictly controlled by our quality control management team and our products are distributed to the final consumer. In the path we walk with the aim of becoming the first choice of the consumer who seeks the best quality, the most delicious and distinguished products, we develop our standards of quality and variety of our products day by day.

‘Quality from farm to fork’ is the main principle of our business.

Second Generation Female Producer
Ebru KOCAACAR

OUR PRODUCTION FACILITY

Our fruits and vegetables, which are blended with the culture and tradition of the ancient Anatolian lands we live in, and obtained from geographically indicated regions where the most delicious products are grown with their air and soil, meet with recipes inherited from our ancestors in our production facility with a closed area of 5000 square meters. Through this path, they take the place on the tables with the most delicious forms of our products.

OUR VALUES

The background of the slide is a wooden surface. In the center, there is a metal scale with a circular dial. To the right, a smartphone is lying on the surface, displaying a product image of a green, round object, possibly a fruit or vegetable. The overall aesthetic is clean and professional.

The pursuit of excellence

Sour

FLAVORS AND PRODUCTS THAT COMPLEMENT EACH OTHER

QUALITY PRIORITY RAW MATERIAL PURCHASING PROCESSES

The content of our products comes from nature to your tables by passing through the highest quality stages.

A person wearing a tan apron and blue jeans is kneeling in a strawberry field. They are holding a large, white wicker basket filled with fresh, ripe strawberries. The background shows rows of strawberry plants with green leaves and some red fruit. The overall scene is bright and natural, emphasizing the freshness of the produce.
