PVC BANYO KATALOĞU
PVC BATHROOM CATALOG

Banyoda yeni bir devir başlatıyor!

Ahşabın doğal görünümüne sahip ancak ahşapta yaşadığımız hiçbir problemi size yaşatmayacak PVC Banyo dolaplarıyla evinize misafir oluyoruz...

Banyonuzda kullandığınız ürünler sürekli buharla, suyla ve nemle temas halinde olduğu için ERSAY PLASTİK sizin için çok doğru bir tercih olacaktır. PVC PANEL üzerine özel malzeme ve teknikle lamine edilerek uzun süre kullanabileceğiniz sudan, nemden ve buhardan etkilenmeyen hafif ve hasare barındırmayan, doğa dostu banyo ve mutfaklar üretiyoruz.

ERSAY PLASTİK olarak 30 yıllık üretim tecrübemiz ile siz değerli müşterimizle beraber yenilenmeye ve büyümeye devam ediyoruz...

Is starting a new era in bathrooms!

The PVC bathroom cabinets are perfect for your home because they have the appearance of natural wood but don't come with the problems that wood entail...

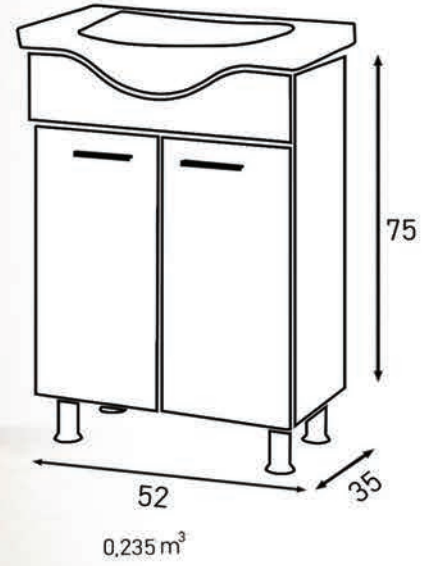

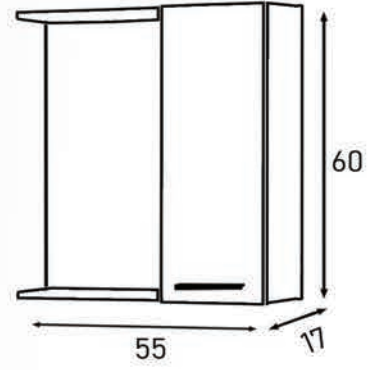

Since products in your bathroom are in constant contact with steam, water and moisture, ERSAY PLASTIK will be a right choice for you.

We produce nature-friendly bathroom and kitchen cabinets made from PVC panels that have been laminated with a special material and technique which make them long-lasting and lightweight. In addition they don't harbor pests and they are not affected by water, moisture and steam.

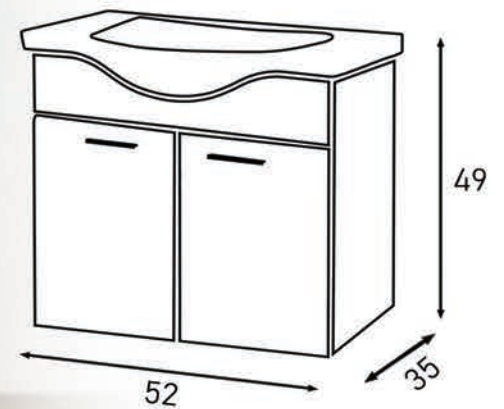

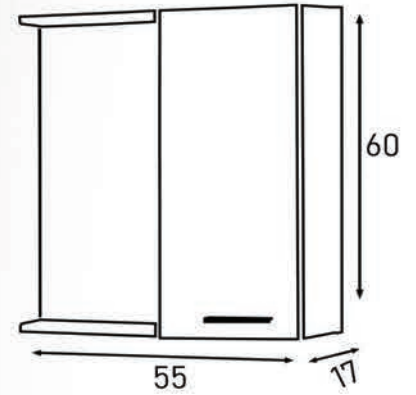

As ERSAY PLASTIK, through our 30 years of manufacturing experience we are continuing to grow and innovate with valued customers like you.

Katalogda ve web sitemizde görmüş olduğunuz bütün ürünler PVC den üretilmiştir. Suya ve neme karşı dayanıklıdır, haşere barındırmaz, hafiftir, kolay temizlenir, sağlığa zararlı değildir. Resimde görülen 4 adet makine ile bu katalogda bulunan bütün modelleri ve daha bir çok modeli üretebilirsiniz. Üretici bayii olmanız çok kolay. Makineler ve profiller imalat yapacağınız yere ulaşınca bir ustamız size geliyor, makinalarınızı kurup çalıştırıyor ve sizin elemanlarınıza 10 gün eğitim veriyor. Bundan sonrası sizin hayal gücünüze ve çalışmanıza kalıyor.

All the products in our catalogue and website have been made of PVC. They are resistant against water and moisture, free from insects, light, easy to clean, and not harmful for human health. You may manufacture all the models in the catalogue as well as many others by using the 4 machines in the picture. You may become a manufacturer vendor easily by making a request to us; as soon as the machines and profiles arrive at the manufacture site, one of our professionals shall visit you to install and start-up the machinery, offer 10-day training to your employees and then all is left to your skills and efforts.
