Hatipoğlu Tarım

Hatipoğlu Export, established in Antalya in 2002, is a family company which managed to expand its exportation network in a number of countries.

FİNİKE, the registered trademark of our company, has been a reliable one among our customers since the establishment of the company.

The responsibility for being a more hygienic, more reliable and punctual company along with the importance and necessity of institutionalization, recent technological developments and the increasing customers demand encouraged us to make some new investments.

With the experience we have had for years in exporting fresh fruit and vegetables, we believe that we follow the latest technology, do our job meticulously and know how to achieve our goals.

Our motto is: "Quality-Oriented Customer Satisfaction All Time".

We feel right proud of having accomplished all the goals we have set so far.

We are happy and honored to serve our customers and those who are in close relation with this sector.

Our Quality Policy:

To keep the quality balance in production and services by constantly monitoring and improving the standards of quality management. To increase the quality of Hatipoğlu both at home and abroad and to become a recognized company whose chief principal is satisfying the customers.

The background of the entire page is a collage of fresh fruits. At the top, there is a row of many small, ripe apricots. On the left side, there are several whole apricots and some that have been sliced open to show their juicy, orange-colored flesh and pits. On the right side, there is a pomegranate that has been opened, showing its dark red, jewel-like seeds, with a few seeds scattered on the white surface below it. At the bottom, there is a cluster of bright red strawberries with green leaves.
